Crime Prevention Defined

The Arizona Crime Prevention Association supports the following definition of Crime Prevention:

Crime Prevention is the anticipation, recognition and appraisal of a crime risk and the steps taken to eliminate or reduce the risk.

Principles of Crime Prevention:

The National Crime Prevention Council has identified the following principles of Crime Prevention:

Crime Prevention is: everyone's business
 more than security
 a responsibility of all levels of government
 linked with solving social problems
 cost effective

Crime Prevention requires: a central position in law enforcement
 cooperation of all elements of the community
 education
 tailoring to local needs and conditions
 continual testing and improvement

Crime Prevention improves: the quality of life for the community and its residents.

Mission Statement of the ACPA, Inc.

The mission of the ACPA is to focus attention on local, state and regional issues related to crime prevention and provide a forum for the exchange, coordination and teaching of ideas, concepts and programs pertaining to the reduction of crime.

Description of Programs and Services

The Arizona Crime Prevention Association (ACPA) has been providing crime prevention services to Arizona since 1977 and officially became a Corporation in 1993. The majority of the Board of Directors is made up of individuals working in law enforcement as well as some successful, local business and community members. All members of the Board serve voluntarily and no paid staff exists.

The purpose of the Arizona Crime Prevention Association is:

To provide a forum for the exchange, coordination, and teaching of ideas, concepts and programs pertaining to the reduction of crime. This is done by offering a variety of specialized training and education sessions, meetings, conferences and webinars for the citizen's of Arizona as well as specialized training for law enforcement.

To focus attention on local, regional, state and national goals and issues relating to crime prevention. This is done through the development and delivery of specialized public programs and focused public advertisement. This includes the production and delivery of educational television commercials distributed and aired statewide as well as interviews for newspaper and radio stations on current crimes and prevention methodology.

To encourage extensive citizen and community involvement in the reduction of crime and criminal activity. Our organization does this through the hosting of various Citizen and Business Safety Forums. Offered annually in partnership with law enforcement throughout the state, these educational sessions provide an opportunity for individuals to gain knowledge about particular crime trends, programs, services and products. These sessions also give individuals the opportunity to network with local police representatives.

To develop strategies which promote crime prevention planning and implementation for Arizona citizens. Currently the ACPA, Inc. has developed a state database for distribution of police information to the general public and other valley police agencies called BoloCop. Through this program, the website allows law enforcement to easily distribute police related information and crime alerts directly to valley police agencies, focused business and community members via email, text and/or facsimile transmittal. The website is www.Bolocop.com with plans to expand nationally in the future.

The organization provides the following programs and services:

Specialized training: The ACPA, Inc. recruits, develops and delivers training on a variety of crime related issues to sworn and civilian members of law enforcement, corporate loss prevention staff, civic organizations, government and citizenry of the state.

Child Identification Clinics: In partnership with law enforcement throughout the state and the Center for Missing and Exploited Children, the ACPA, Inc. provides parents a laminated child identification card, as well as a cd of information specific to their child to include digital fingerprints, photos, video and audio files. These digital files can be easily emailed to law enforcement by the parents should it be necessary.

Public Secured Shred: In partnership with law enforcement and various mobile shred companies, the ACPA, Inc. hosts public, secured shredding events. This opportunity allows citizens the ability to shred personal documents which reduces the chances of becoming a victim of identity theft.

Crime Prevention Advertisement & Social Media Campaigns: In partnership with law enforcement agencies throughout the state as well as various city cable and public television networks, the ACPA, Inc. produces and provides a variety of education and public safety prevention videos. These videos distributed through various police agencies assist in delivering messages to the general public about such current crime issues as the dangers of social networking sites, leaving property in your vehicle, theft of intellectual property and child safety. This year's collaboration was with Officer Steven McGhee, Paradise Valley Police Department and NCEA, National Center on Elder Abuse. Officer McGhee is a Board Member of ACPA. To view the PSA, click here: <https://youtu.be/yqwUxLxrQJo>

Statewide administration of a program known as BOLOCop, which allows police agencies to prepare and send crime alerts statewide to focused business and community members. BOLOCop.com will be launched nationally in the future.

Funding in the amount of \$1500.00 was received from Mercy Gilbert Medical Center for ACPA to purchase a syringe drop-off box. The box has not yet been purchased, but it will be installed in Gilbert.

Keynote Presenters:

Jermaine Galloway

Tall Cop Says Stop™ was created by Officer Jermaine Galloway, an Idaho law enforcement officer since 1997. Regarded as one of America's top experts in various drug and alcohol trends, he has specialized in underage drinking and drug enforcement for more than 15 years.

Since 2009, Officer Galloway has won four national awards and one international award for his work. In addition to his numerous talks at conferences and other events, he has personally trained more than 105,000 people nationwide.

Officer Galloway's many years of experience have taught him one thing above all else. In his words, **"You can't stop what you don't know™."**

Brian Murphy

Demonstrating his extraordinary bravery and swiftness of action, regardless of his own personal safety, Lt. Murphy was the first responder to the Sikh Temple massacre of 2012 and engaged the assailant head-on, ultimately sustaining fifteen handgun rounds to his body, with an additional three rounds being stopped by his concealable body armor.

He stood between innocent men, women, and children and the brutal violence of a racist hate crime.

In 2015, at a national ceremony held in Washington, D.C., Vice President Joseph R. Biden, Jr. and Attorney General Eric Holder honored Lt. Murphy with the Public Safety Officer Medal of Valor for his exceptional courage and commitment to duty.

Talking Stick Resort - Room Rate: \$105.00 a night Single/Double Occupancy + all applicable taxes and resort fees.

Contact the resort directly prior to **May 11, 2019** to make your room reservations with the special ASROA Rate.

EAGLE Training

Elder Abuse Guide for Law Enforcement

By virtue of U.S. demographics, elder abuse is one of the fastest growing crimes in the United States. Elder Abuse Guide for Law Enforcement (EAGLE) is designed to support officers in identifying, intervening, and resolving cases of elder abuse.

EAGLE funding was provided by the U.S. Department of Justice (DoJ) and was led by the University of Southern California's (USC) Keck School of Medicine, host of the National Center on Elder Abuse (NCEA).

Trainers are educators, attorneys, and expert witnesses from the USC, NCEA, and the Maricopa County Attorney's Office.

Designed for L.E., pending AZ-Post credit, premier training, & nationally recognized.

Basic Crime Prevention Through Environmental Design

NICP CPTED Professional Designation Qualifying Course

November 18 – 22, 2019

8am to 5pm

at

Rocky Mountain Information Network (RMIN)
2001 West Pinnacle Peak Road
Phoenix, AZ 85027

Brought to you by the

Arizona Crime Prevention Association & National Institute of Crime Prevention

Benefits of Attending

Cities throughout the country are requiring site plan reviews with crime prevention in mind. Law Enforcement, Planners, Architects, City Officials, and Educators are working to ensure the proper design of structures, parks, public transportation, neighborhoods and schools. In this class, participants will learn how the design and use of the built environment can control human / criminal behavior and reduce the fear of crime. Participants will learn the different aspects of lighting, access control and the effects of natural design on human behavior. Participants will work together on a site survey utilizing CPTED strategies and the advantages of having a CPTED ordinance and how to construct and present it to lawmakers.

Instructor

Art Hushen is the President/Owner of the NICP, Inc. and was assigned to the Tampa Police Department's Special Operations Bureau / CPTED Section where he retired from in 2006. He was instrumental in the creation of the Department's CPTED Unit and Tampa's first CPTED Ordinance for the Westshore Business District, the largest Business District in Florida. He implemented the CPTED review process for the Tampa Parks Department Greenways and Trails Master Plan. He worked with the Tampa Housing Authority on their Hope VI program and was part of the task force implementing design guidelines.

Art received his Crime Prevention Practitioner Certification and CPTED Designation through the Florida Crime Prevention Training Institute where he assisted in the creation of the Advanced CPTED program and the State standards for the CPTED Designation. He is an instructor for the Florida Attorney General's Office and the American Institute of Crime Prevention specializing in Basic & Advanced CPTED, and CPTED in schools. Art is recognized as a Crime Prevention Specialist through the International Society of Crime Prevention Practitioners and is a graduate of the National Crime Prevention Institute, Fox Valley College, and the American Crime Prevention Institute in both Basic and Advanced CPTED. Art holds a Bachelor of Arts Degree in Criminology from the University of South Florida. Art has conducted seminars and training through the United States and has been a guest speaker / trainer in Canada, South America, the Caribbean, the United Kingdom, and Europe.
